I'm Kalaiyarasan Jeyaseelan, a passionate and ambitious software developer currently pursuing a Higher National Diploma in Software Engineering at ESOFT Metro Campus, Jaffna. With a basic foundation in Python, HTML, CSS, and front-end technologies, I enjoy building clean, functional, and user-friendly web applications and UI/UX.

AREA OF EXPERTISE

Web Development

UI/UX Design

Artificial Intelligence and Machine learning on studing

KEY ACHIEVEMENTS

- Runners-up in Hackathon 2025, developing a real-time application in Esoft competition.
- Successfully completed HND in Software Engineering with strong performance in programming and system design.

PROFESSIONAL EXPERIENCE

- As a fresher with strong internship experience, I am actively seeking a full-time opportunity to apply my software engineering and data science skills in a dynamic, growth-oriented company.

Project Details in Study HND

- Sales Analysis System – Sampath Food City (Python-based console Application)
- portfolio - kalai2626.neocities.org
- Velvet Vogue – E-Commerce Website
- ETCP(Eco tourisum platform) UI/UX design
- Bus Reservation System (Java-based console Application)
- Employee Leaving management System in C#
